## **Baldwin to Exhibit Products at GRAPH EXPO® and CONVERTING EXPO® in Chicago Oct. 15-17**

**Shelton, CT, October 9, 2006** -- Baldwin Technology Company, Inc. (AMEX: BLD), a global leader in accessories and controls technology for the printing industry, announced today that the company will showcase Baldwin products at GRAPH EXPO® and CONVERTING EXPO® 2006 Sunday, Oct. 15 through Wednesday, Oct. 18 at McCormick Place in Chicago.

Investors are invited to a breakfast presentation at the Hyatt Regency Chicago with the company's senior management, followed by a tour of Baldwin's booth, No. 2035. They will be able to view Baldwin's products, its customers' products and have a chance to see some OEM printing presses in operation. After the tour, they are welcome to explore the trade show and learn more about Baldwin and the industry. Those interested in attending can call Antonella Montagna at Hawk Associates, (305) 451-1888 by noon on Friday, Oct. 13.

GRAPH EXPO and CONVERTING EXPO is the nation's most comprehensive prepress, printing, converting and digital equipment trade show and conference. More than 40,000 industry professionals will gather to experience the latest technology and product advancements in the industry. For more information, visit <http://www.gasc.org>.

Baldwin's acquisition candidate, Oxy-Dry Corporation, will also feature its products at Booth 2343. Oxy-Dry produces accessories and controls for the printing industry and has a worldwide customer base in the sheetfed, commercial web, packaging and newspaper markets.

#### **About Baldwin**

Baldwin Technology Company, Inc. is a leading international supplier of offset printing press accessories and controls for the newspaper publishing and commercial printing industries. Baldwin offers its customers a broad range of market-leading technologies, products and systems that enhance the quality of printed products and improve the economic and environmental efficiency of printing presses. Headquartered in Shelton, Ct., the company has sales and service centers, product development and manufacturing operations in the Americas, Asia and Europe. Baldwin's technology and products include cleaning systems, fluid management and ink control systems, web press protection systems and drying systems.
