**NEWS RELEASE  
FOR IMMEDIATE RELEASE**

## **Baldwin Presents at Dutton Small Cap Conference**

**Shelton, Conn. -- May 22, 2007--** Baldwin Technology Company, Inc. (AMEX: BLD), a global leader in accessories and controls technology for the printing industry, announced today that CFO John Jordan will present at the “Recognizing Opportunity” Small Cap Conference hosted by Dutton Associates at the Omni Hotel in San Francisco on Wednesday, May 30.

The conference features a select group of Dutton’s top-followed companies, and offers a unique opportunity for investment professionals to participate in presentations, breakout sessions and one-on-one meetings. Jordan will present to small, informal groups of investment professionals at various scheduled times throughout the day.

The keynote speaker at the conference will be Todd Buchholz, former director of economic policy at the White House, a managing director of the \$15 billion Tiger Hedge Fund and award winning economics teacher at Harvard.

An abbreviated version of Baldwin’s presentation will be webcast at 11:30 a.m. Pacific and will be available on [www.jmdutton.com](http://www.jmdutton.com). For more conference and registration information, visit [www.jmdutton.com](http://www.jmdutton.com).

### **About Baldwin**

Baldwin Technology Company, Inc. is a leading international supplier of offset printing press accessories and controls for the newspaper publishing and commercial printing industries. Baldwin offers its customers a broad range of market-leading technologies, products and systems that enhance the quality of printed products and improve the economic and environmental efficiency of printing presses. Headquartered in Shelton, Conn., the company has sales and service centers, product development and manufacturing operations in the Americas, Asia and Europe. Baldwin’s technology and products include cleaning systems, fluid management and ink control systems, web press protection systems and drying systems.
